6. Proposal Evaluation and Contract Award

- A. Proposal Evaluation and Contract Award Process: An award of a contract to provide the goods or services specified herein will be made using competitive sealed Proposals, in accordance with Chapter 262 of the Texas Local Government Code, Chapter 2269 of the Texas Government Code, and with the County's purchasing policy, as applicable. Caldwell County will score all eligible respondents based on their Proposal price. After discussion and the fair and equal opportunity for revision of any submitted proposals by responsible offerors determined to be reasonably susceptible of being selected for award, the contract will be awarded to the lowest/best value/most responsive Proposer that complies with all requests for Proposal items and requirements set forth by Caldwell County in this RFP, including insurance requirements. Caldwell County may consider all permissible aspects of a proposal, including but not limited to: 1) price; 2) the offeror's experience and reputation; 3) the quality of the offeror's goods and/or services; 4) the proposal's ability to meet the needs of Caldwell County; 5) the impact on the ability of the Governmental entity to comply with rules relating to historically underutilized businesses; 6) the offeror's safety record; 7) the offeror's proposed personnel; and 8) whether the offeror's financial capability is appropriate to the size and scope of the project.
- B. Completeness: If the Proposal is incomplete or otherwise fails to conform to the requirements of the RFP, County alone will determine whether the variance is so significant as to render the Proposal non-responsive, or whether the variance may be cured by the Proposer or waived by the County, such that the Proposal may be considered for award.
- C. Ambiguity: Any ambiguity in the Proposal as a result of omission, error, lack of clarity or non-compliance by the Proposer with specifications, instructions and all conditions shall be construed in the favor of the County. In the event of a conflict between these standard RFP requirements and details provided in Appendix A – Scope of Services or Appendix B – Proposal Verification, the Appendices shall prevail.
- D. Controlling Document: In the case of a discrepancy between this RFP and the Contract, the Contract will prevail and control.
- E. Firm Prices: Unless otherwise stated in the specifications, Proposer's prices remain firm for 90 days from date of Proposal opening and, upon award, remain in effect for the contract period specified in the RFP. If formal award has not occurred within 90 days of Proposal opening, the Proposer and the County may mutually agree to extend the firm price period.
- F. Partial Contract Award: County reserves the right to award one contract for some or all of the requirements proposed or award multiple contracts for various portions of the requirements to different Proposers, or to reject any and/or all Proposals and re-solicit for Proposals, as deemed to be in the best interest of County.
- G. Additional Information: County may request any other information necessary to determine Proposer's ability to meet the minimum standards required by this RFP.
- H. Debarment: The selected Proposer must **NOT** be debarred from any federal and/or state agency. Caldwell County will conduct a review of the Proposer's status on SAM.gov. The Caldwell County Commissioners Court will make the final selection and award. The County has the right to reject any and/or all Responses.

Community Development Block Grant - Mitigation (CDBG – MIT)

Description of Program

Below is a description of the proposed Community Development Block Grant-Mitigation (CDBG-MIT) program through the Texas General Land Office (GLO). The County anticipates applying for the following program that requires Planning Services.

CDBG-MIT Program Description:

Local Hazard Mitigation Plan Program (LHMPP)

Local Hazard Mitigation Plan Program: Development or update of a local hazard mitigation plan, including studies to enhance a community’s understanding of risk (examples: dam inundation studies, flood studies, wildfire studies); and federal cost share. The purpose of these plans is to gather a wide range of stakeholders and the public in a planning process to identify local policies and actions—based on an assessment of hazards, vulnerabilities, and risks—that can be implemented over the long-term to reduce risk and future losses from hazards. By engaging in this planning process, communities not only identify risks and prioritize investments and interventions, but also build partnerships by involving citizens, organizations, and businesses, and increase awareness of threats and hazards, as well as their risks.

See the GLO’s CDBG-MIT Action Plan for more information on the requirements and scopes of these activities:

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted [House Bill 1295](#), which added [section 2252.908](#) of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency.

The law applies (with a few exceptions) only to a contract between a business entity and a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

Changed or Amended Contracts:

Form 1295 is only required for a change made to an existing contract in certain circumstances: (1) if a Form 1295 was not filed for the existing contract, then a filing is only required if the changed contract either requires an action or vote by the governing body or the value of the changed contract is at least \$1 million; or (2) if a Form 1295 was filed for the existing contract, then another filing is only required for the changed contract if there is a change to the information disclosed in the Form 1295, the changed contract requires an action or vote by the governing body, or the value of the changed contract increases by at least \$1 million.

As required by law, the Commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The Commission also adopted rules ([Chapter 46](#)) to implement the law. The Commission does not have any additional authority to enforce or interpret [section 2252.908](#) of the Government Code.

Filing Process:

A business entity must use the [Form 1295 filing application](#) the Commission created to enter the required information on Form 1295 and print a copy of the completed form. Once entered into the filing application, the completed form will include a unique certification number, called a “certification of filing.”

An authorized agent of the business entity must sign the printed copy of the form affirming under the penalty of perjury that the completed form is true and correct.

The completed, printed, and signed Form 1295 bearing the unique certification of filing number must be filed with the governmental body or state agency with which the business entity is entering into the contract.

Acknowledgement by State Agency or Governmental Entity:

The governmental entity or state agency must acknowledge receipt of the filed Form 1295 with the certification of filing, using the Commission’s filing application, not later than the 30th day after the date the governing body or state agency receives the Form 1295. The Commission will post the completed Form 1295 to its website within seven business days after the governmental entity or state agency acknowledges receipt of the form.

Changes to Form 1295

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an “unsworn declaration.”

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?

The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement. A completed Form 1295 is not required for:

- A sponsored research contract of an institution of higher education;
- An interagency contract of a state agency or an institution of higher education;

- A contract related to health and human services if: o the value of the contract cannot be determined at the time the contract is executed; and o any qualified vendor is eligible for the contract;
- A contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity;*
- A contract with an electric utility, as that term is defined by Section 31.002, Utilities Code;* or
- A contract with a gas utility, as that term is defined by Section 121.001, Utilities Code.*

The newly exempt contract types are marked with an asterisk.

Why do I need to include my date of birth and address when I sign Form 1295? Was this always the case?

In 2017, the legislature amended the law to require Form 1295 to include an “unsworn declaration” which includes, among other things, the date of birth and address of the authorized representative signing the form. The change in the law applies to contracts entered into, renewed, or amended on or after January 1, 2018. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018.

Will my date of birth and address appear on the TEC’s website when I file the form?

No. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application. Although the TEC does not capture the date of birth and street address of the signatory, the contracting state agency or governmental agency will have a physical copy of the form that includes the date of birth and address of the signatory. The TEC cannot answer whether the contracting state agency or governmental agency may release such information. Questions regarding the Texas Public Information Act may be directed to the Office of the Attorney General. See also *Paxton v. City of Dall.*, No. 03-13-00546-CV, 2015 Tex.
