The sum would continue to be \$20,000.00 to cover Overtime from 001-4300-1150.

Re: Money transfer from 4300-1034

In the Detective pay line item (4300-1034) there is approximately \$23,258.00 that is encumbered because of the position not being filled until lately at this date (08/31/2023). The Sheriff's Office would like to move some of that money to the overtime line item (4300-1150) to prevent it from going into a negative balance.

At the time of the last budget amendment, we requested it was calculated that \$4,000 a pay period was needed in the overtime line item to make it to the next fiscal year. The current calculation would require approximately \$7,000 per pay period to make it through this fiscal year. This can be accomplished by moving \$20,000 from 4300-1034 to 4300-1150.

RE:

Adopted 2024 Appraisal District Budget

Enclosed you will find the budget for the Caldwell County Appraisal District for the year January 1, 2024 through December 31, 2024 which was adopted on August 29, 2023. Also enclosed is the estimated cost of the adopted appraisal budget for each taxing unit. The cost estimation is based on the 2022 original tax levy. The final costs will be allocated according to the entities' actual 2023 tax levies. Entities that are considering substantial increases in tax levies for 2023 should be aware of the effect on the cost allocation of the appraisal budget.

Please note that the Tax Code requires that a copy of the adopted appraisal budget be available for public inspection in the office of each governing body served by the appraisal district. Additionally, the Property Tax Code §6.06(b) states that...the board of directors shall approve a budget by September 15. If governing bodies of a majority of the taxing units entitled to vote on the appointment of board members adopt resolutions disapproving a budget and file them with the secretary of the board within 30 days after its adoption, the budget does not take effect, and the board shall adopt a new budget within 30 days of the disapproval.

I am also enclosing a copy of the collection budget, which was also approved on August 29, 2023. You will find an estimated cost of the collection budget attached. Entities that are considering substantial increases in tax levies for 2023 should be aware of the effect on the cost allocation of the collection budget.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Shanna Ramzinski

Case Summary

The new name Mesquite Creek is proposed for an unnamed 2.7-mile-long tributary of Elm Creek in Caldwell County and Hays County. A portion of the stream flows through the City of Niederwald.

The proposal was submitted by the Project Manager of Cuatro Consultants, Ltd. on behalf of a local real estate company that is "developing affordable living communities in the Central Texas area." In seeking the support of the city and Hays County, the developer stated that in order to complete the CLOMR (Conditional Letter of Map Revision from FEMA) process, "the wet weather creek on our property needs a name." Hays County referred the proponent to the BGN. The proposed name refers to the large amount of mesquite trees which cover the property.

There are 23 streams in Texas named "Mesquite," with the closest being 23 miles to the southwest in Guadalupe County.

To whom it may concern,

Please see the attached submittal for Geographic Name approval for Mesquite Creek.

FEMA is requiring us to name the portion of creek being studied and requiring local jurisdiction approval. Hays County has deferred to BGN for name approval.

Mark.

Either name is acceptable for the City of Niederwald. Mesquite Creek sounds better than Niederwald Farm Creek.

Good morning Richard/Sara - as we discussed yesterday, to complete the CLOMR process we are working on, the wet weather creek on our property needs a name. We need the approval of the City of Niederwald and of Hays County. Our two choices are Mesquite Creek and Niederwald Farm Creek. We would like to have two names approved by the City, in case one of them is already in use elsewhere in the County. I believe Niederwald was fine with either. If that is the case, it would be appreciated if you would respond affirmatively to this email, copying all the recipients.

Chris,

After speaking with our GIS Manager, we determined that any proposed names of geographic features must be approved by the U.S. Board on Geographic Names. There are some strange names (as in 1.1, 1.2, 1.3) we've been receiving lately and FEMA is asking for our approval of the names of the tributaries. If USGS approves the names, then the county accepts the names. Per Steve, Mesquite Creek is most likely acceptable since that name does not exist in Hays County.

Subject: CLOMR Creek Name

Eric,

As part of the CLOMR approval for the unnamed tributary of Elm Creek for the proposed project located at FM 2001 and SH 21, we need to provide a name for the creek.

FEMA is asking for approval from both City of Niederwald and Hays County.

We would like to use either of the following:

- Mesquite Creek
- Niederwald Farm Creek

Please advise if either of these are acceptable so we can complete the resubmittal to FEMA.

Mark,

Either name is acceptable for the City of Niederwald. Mesquite Creek sounds better than Niederwald Farm Creek.

Kind regards,

Good morning Richard/Sara - as we discussed yesterday, to complete the CLOMR process we are working on, the wet weather creek on our property needs a name. two names approved by the City, in case one of them is already in use elsewhere in the County.I believe Niederwald was fine with either. If that is the case, it would be appreciated if you would respond affirmatively to this email, copying all the recipients.

Dear Judge Haden,

Thank you for taking the time to consider this request.

The BGN doesn't require any formal action by county governments, but to make an informed decision about geographic names the BGN would like to know the opinion or recommendation of the local community. The BGN staff doesn't have the resources to contact every individual land owner, so we look to the local elected leaders who represent their constituents' interests.

BGN staff often is unable to determine if feature have local names that are not recorded in the <u>Geographic Names Information System</u>. Local communities and governments may know these local, unrecorded names and may be able to say whether the proposed name should be approved or not.

If you and/or the Commissioners Court believe that the community would support or not object to the proposed name **Mesquite Creek**, then there is no need for any formal action. Again, the BGN doesn't require any specific action from local elected governments, just that they are willing to speak for the interests of the community.

I spoke with Chase Goetz yesterday who mentioned that there might be a name already in local use for this creek, one that is not shown on any USGS or FEMA maps. If so, the BGN would be interested in knowing what that name is.

Sincerely,

Matt O'Donnell

Issue: request for the County Commission's recommendations about naming a tributary of Elm Creek flowing from Hays County into Caldwell County as **Mesquite Creek**

Dear Judge Haden:

I work on the staff of the <u>U.S. Board on Geographic Names</u> (BGN), which is responsible by law for standardizing geographic names for use by the Federal Government.

The BGN reviews proposals from to name or rename geographic features. Anyone is permitted to submit a proposal as long as it meet the BGN's <u>Principles and Policies</u>. The BGN and its staff do not initiate these proposals or advocate for these changes. The BGN processes and reviews all proposals that are submitted as long as they meet the BGN's <u>Principles and Policies</u>.

The BGN votes on these proposals only once stakeholders have a chance to respond with recommendations. As a first step, the BGN asks its staff to reach out to local governments who have been elected to represent their citizens and other entities that might have an interest in the proposal. Could you please bring this to

the attention of the City Council and the County Commissioners?

The project the Project Manager of Cuatro Consultants, Ltd. has submitted a proposal to the BGN on behalf of a local real estate company to name an officially unnamed tributary of Elm Creek as **Mesquite Creek**. The stream begins in Hays County at 30.02572, -97.7343 and flows through a section of the City of Niederwald and into Caldwell County. It enters Elm Creek at 29.9953, -97.73816 (these links may take a while to load).

The developer stated that in order to complete the CLOMR [Conditional Letter of Map Revision from FEMA] process, "the wet weather creek on our property needs a name." Hays County referred the proponent to the BGN. The proposed name refers to the large amount of mesquite trees which cover the property.

The proponent included an email from the Niederwald Assistant City Secretary Sara Montgomery stating that the City supported the name. He also included an email from Hays County Chief Environmental Health Specialist Eric Van Gaasbeek who stared that they would accept the name if the BGN approved it.

The BGN staff is unfamiliar with the CLOMR process and the need to have named streams.

Please see the attached proposal packet for more details. I am happy to talk with any appropriate county officials or employees about the BGN process.

I have copied the proponent (Chris Elizondo, chris@cuatroconsultants.com), who can provide more information about the proposal if needed. I also copied the City and Hays County employees the proponent spoke to about the proposal.

The BGN is not proposing this name, but is asking for stakeholder recommendations before voting to either approve or not approve the name for official Federal use.

To make an informed decision on the proposal to make the name official for Federal use, the BGN would like to know if your office supports or does not support the proposal. Should the feature be officially named for Federal use; and if so, is **River Tay** the appropriate name? We will also ask for a recommendation from the <u>Texas Geographic Names Committee</u>. Federally recognized Tribes will also have an opportunity to provide comments.

Please note that:

• The BGN reviews and votes on proposals as long as those proposals meet

the BGN's Principles and Policies.

- A proposal may be to apply a new name to a currently unnamed geographic feature, or to change an existing name, spelling, or location.
- The BGN is not part of the U.S. Geological Survey; the USGS is just one of many member agencies that have a vote on the BGN.
- The BGN is reactive; it does not initiate these proposals except in rare cases of obvious map labeling errors.
- The BGN places importance on local opinion when it votes on any proposal.
 The BGN has no requirement on how a local government develops its recommendation, as long as it is provided to the BGN by the elected leaders or an office designated to speak for them.
- The BGN does not have the resources to contact every landowner that may be impacted by the proposal.

Please feel free to share this proposal with any other groups that may have an interest such as a local historical society.

The proposal is listed on the BGN's <u>Quarterly Review List 452</u>, recently posted on July 24. Attached is a summary of the proposal with a map, and the original proposal. To facilitate a response from your office, a recommendation form is also attached, but your response may also just be sent in a reply to this email.

Thank you for your consideration of this request and I look forward to hearing from you. Meanwhile, if you have any questions, please don't hesitate to contact us. We may be contacted by e-mail at BGNEXEC@usgs.gov or mjodonnell@usgs.gov, or by telephone at (703) 648-4553.

Texas National Guard disbanded intelligence wing after members used WhatsApp to spy on migrants

By David Winkle, Military Times and James Barragan, Texas Tribune When officers from the Texas National Guard showed up to their 7 a.m. meeting with federal agents from Homeland Security Investigations in El Paso, they didn't arrive

empty-handed.

Six military intelligence officials turned over a list of names at the February 2022 meeting. The Texans were part of an intelligence directorate supporting Operation Lone Star, Gov. Greg Abbott's state-run border mission. The officers, which included the group's top two leaders, told federal agents they'd secretly infiltrated invite-only WhatsApp group chats filled with migrants and smugglers and wanted their help investigating the targets they'd identified, according to a sworn statement attached to a whistleblower complaint filed later

The Homeland Security officials in the meeting rebuffed the Texans on the spot - with one official saying that they were an investigative body and "not an intelligence agency," the whistleblower recalled.

An investigation by Military Times and

The Texas Tribune has found that Texas National Guard leaders disbanded Operation Lone Star's intelligence wing after whistleblowers reported the WhatsApp surveillance, which targeted migrant groups to track them through Mexico, because they believed it violated long-standing rules against state-run spy operations. During the same period, another team from the intelligence directorate allegedly sent classified FBI intelligence to their Texas Guard colleagues in an apparent violation of federal secrecy laws, according to an internal

incident report.

At least four intellience officers have faced interim administrative discipline in the debacle's wake:

Lt. Col. David "Eric" Tyler led the border intelligence section from December 2021 to fall

Maj. Dezi J. Rios, the intelligence wing's deputy director, allegedly oversaw the WhatsApp collection operation.

Chief Warrant Officer 2 Eric E. Hack led the El Paso team that allegedly shared classified FBI

Then-1st Lt. Emmanuel L. Pierre, a military intelligence officer from a subordinate unit,

allegedly began the WhatsApp intelligence operation about a month before Rlos arrived at the border.

The Texas Military Department's inspector general, with assistance from the National Guard Bureau, investigated potential questionable intelligence activities, the agency confirmed in response to questions for this story. The agency said in a statement that the watchdog concluded its investigation in September 2022 but has not yet shared its final report, adding that it will "finalize" discipline once leaders receive it. Leaders initially reorganized and eventually disbanded the intelligence directorate in fall 2022, folding the remaining personnel into the mission's operations section, a source familiar with the mission's organization said.

According to an official document that Rios provided to Military Times and the Tribune summarizing part of the investigation, the inspector general's office found that the WhatsApp scheme was an unauthorized foreign intelligence operation and faulted Rios for overseeing Pierre's work – a finding Rios disputes. It's unclear if the inspector general concluded that any other officers broke the rules.

Two of the implicated officers, Tyler and Rios, told Military Times and the Tribune that senior leaders set them up to take the fall for the operation. Both claimed they shared concerns about the legality of Pierre's WhatsApp work to the mission's top brass at the time, Brig. Gen. Monie Ulis and Col. Kevin Boates, but were unable to convince them to end it.

According to a sworn statement Rios made June 25, he and state intelligence officials "were unable to convince [Col.] Boates or [Brig. Gen.] Ulis" to stop the WhatsApp operation. In a Dec. 27, 2021 email - obtained through an open records request -Rios claimed to have "expressed my reservations with [Col.] Boates and [Brig. Gen.] Ulis" about the WhatsApp operation to no avail.

In his sworn statement - included in his own June complaint with the inspector general alleging the state failed to set clear guidelines for intelligence activity at the border - Rios said Boates "ordered me to oversee" Pierre's WhatsApp operation while simul-taneously blocking Rios from stopping it. He

filed the complaint because the investigation blocked his promotion to lieutenant colonel, he said

Tyler, who has served in the Texas Guard for 33 years, said through his attorney that he was "disappointed that ... I'm being sanctioned based [on] an investigation report that I'm not allowed to see." lieutenant colonel added, "I assume the reason that they won't tell me anything or provide me any evidence is that if I somehow failed to supervise a junior officer that reported directly to [Brig. Gen.] Ulis, then Ulis should be account-

Ulis was appointed as the deputy commanding general of U.S. Army outh in June, a role held simultaneously with his appointment as the state's assistant

adjutant general. Hack, Boates and Ulis did not respond to interview requests made via phone and email. Pierre declined to comment.

For this story, Military Times and the Tribune obtained more than 750 pages of internal Texas Guard records, spoke with intelligence oversight experts and interviewed three verified Texas National Guard service members who had direct knowledge of the events. They requested anonymity because they feared retaliation from state of-ficials and have not been

accused of wrongdoing.
"Uniquely swinerable to abuse"
When the WhatsApp
intelligence operation
began in fall 2021, Operation Lone Star was undergoing a multibillion-dollar expansion from a lean, volunteer-staffed outfit into a long-term domestic military deployment of unprecedented scale staffed by part-time troops who are effectively temporary state

employees.
The pseudo-military mission - which at its height deployed 10,000 Guard members across the state - had growing pains, including pay-roll problems and poor living conditions for the service members, that occurred due to poor planning and a lack of bureaucratic prepared-ness. Its intelligence efforts weren't exempt from the planning gaps.

Operation Lone Star's commanders demanded military-style unheard of for National Guard members on state active duty - a state-funded status typically used for shortlived missions. Typically, Guard intelligence personnel deployed under such orders are limited to predicting and assessing the sever-ity of disaster damage, perhaps following a

storm or during riots.
The demand for intelligence posed a problem, too. According to National Guard Bureau regulations and a Guard intelligence representative, personnel on state active duty are barred from doing national security foreigr intelligence work, and they're banned from using Defense Departmen intelligence systems or techniques, known as tradecraft. Instead, they may, to the extent permitted by state law and regulations, suppor partner law enforcemer agencies.

State-level intelligence oversight officials wanted to coordinate closely with the National Guard Bureau to ensure compliance. But as transgressions piled up, one state intelligence official, Chief Warrant Officer 4 X'Lenske Sampson, emailed border intelligence officers and warned of "the potential fallout if the media [were] to find out or assume the Texas Na or assume the Texas Na-tional Guard is conduct-ing Intelligence Opera-tions on the border." Sampson did not reguests.

requests.

His counterparts on the border - including Tyler, the top intelligence officer there – disagreed and argued via email that federal regulations didn't apply to their conduct on state duty so long as they didn't use federally controlled intelligence systems and tools. Tyler's attorney, Doug O'Connell, echoed that argument in an Aug. 16 statement to Military Times and the Tribune.

"Any competent at-torney that understands basic Constitutional law will tell you that when the militia is deployed by the Governor, for a state mission, federal regulations are inapplicable unless federal funds or equipment are involved," O'Connell

Tyler chased at the restrictions. "All I get is 'No," he lamented in a Pebruary

The Honorable Hoppy Haden Caldwell County Judge 110 S. Main Street, Room 101 Lockhart, Texas 78644

Re:

Capital Area Housing Finance Corporation
Single Family Mortgage Origination Program

Dear Judge Haden:

The Capital Area Housing Finance Corporation (the "Corporation") has applied to the Texas Bond Review Board for an allocation of private activity bond volume cap (the "Volume Cap Allocation") to facilitate a single family mortgage origination program. The Corporation intends to assign the Volume Cap Allocation to the Texas Department of Housing and Community Affairs ("TDHCA") in connection with TDHCA's single family mortgage revenue bond programs. The Volume Cap Allocation, once assigned, will be used to provide a means of financing single family home mortgages for residents in the Corporation's jurisdiction.

Pursuant to the provisions of Section 1372.044 of the Texas Government Code (the "Act"), the County of Caldwell, as a sponsoring political subdivision of the Corporation, must approve of the assignment of the Volume Cap Allocation by the Corporation to TDHCA. Accordingly, we are asking the Commissioners' Court of the County of Caldwell to pass the attached Resolution at its next meeting in order to meet the requirements of the Act.

It is important to note that any bonds issued by TDHCA will be special limited obligations of TDHCA and neither the sponsoring political subdivisions of the Corporation nor the Corporation will be liable in any manner for the payment of such bonds.

Judge Haden Page 2 August 25, 2023

Please review the Resolution and call me at (512) 349-9104 with any questions or comments you may have. Otherwise, if all is in order, please return two (2) copies of the signed Resolution to Chapman and Cutler LLP, Bond Counsel to the Corporation, using the enclosed prepaid Federal Express envelope for delivery no later than Tuesday, October 31, 2023.

In exchange for the Assignment, TDHCA agrees to originate in the geographic service area of CAHFC (a) mortgage loans that are eligible for pooling into mortgage certificates and purchase by the trustee for one or more series of tax-exempt bonds issued by TDHCA ("Pooled Loans"), and/or (b) My First Texas Home Combo Loans with MCCs ("Combo Loans," and referred to herein together with the Pooled Loans collectively as "CAHFC Loans"), until an aggregate amount of \$61,000,000 of CAHFC Loans (accounting for

The outstanding balance of CAHFC Loans will be reduced monthly to reflect principal repayments and prepayments (including foreclosures of CAHFC Loans). CAHFC Fees cease to accrue with respect to any CAHFC Loan once that CAHFC Loan has been repaid or prepaid. CAHFC Fees will be paid annually, in accordance with payment instructions to be provided by CAHFC.
- Section 6. Reporting. Once CAHFC Loans have been pooled into mortgage-backed securities or an MCC has been issued, TDHCA will provide quarterly loan level detail with respect to the outstanding loan balances; no personally identifiable information will be included.
- Section 7. Governing Law. This Agreement shall be governed by and enforced in accordance with the laws of the State of Texas.
- Section 8. Severability. The invalidity, illegality or unenforceability of any provision of this Agreement shall not affect the validity, legality or enforceability of any other provision, and all other provisions shall remain in full force and effect.
- Section 9. Entire Agreement; Amendment and Waiver. This Agreement contains the complete and entire understanding of the parties with respect to the matters covered herein. This Agreement may not be amended, modified or changed, nor shall any waiver of any provision hereof be effective, except by a written instrument signed by the party against whom enforcement of the waiver, amendment, change, or modification is sought, and then only to the extent set forth in that instrument. No specific waiver of any of the terms of this Agreement shall be considered as a general waiver.
- Section 10. Counterparts. This Agreement may be executed in one or more counterparts, each of which is an original and all of which together constitute one and the same Agreement. Electronically transmitted counterparts shall be deemed originals.

Re: Sodium Hypochlorite Tote

Lone Star Hazmat Response (LSHR) is pleased to provide budgetary cost to provide onsite transfer efforts, transportation and disposal for (1) tote containing sodium hypochlorite solution located at 1403 Blackjack St. Ste. E Lockhart, Texas 78644.

Based on information communicated and described to LSHR, it is determined that a reasonable course of action to meet the request is to dispatch personnel, equipment and supplies to safely transfer liquid sodium hypochlorite from the existing compromised tote and containment pallet presently staged onsite into a new DOT approved tote for transportation and disposal. Upon completion of liquid transfer the tote containing liquids as well as the empty compromised tote will be removed for final disposal. The containment pallet will be decontaminated and will remain onsite in the possession of Caldwell County for future use.

In preparation of this budgetary cost, LSHR has made several assumptions based off the details gathered via information shared by Caldwell County:

- Estimated labor time dedicated to project
- Estimated disposal; disposal pricing is preliminary contingent on TSDF final approval
- Generator is responsible for ensuring adequate access to the property
- Generator is responsible for ensuring on site work area is free from any vehicles or assets that will hinder the anticipated work from being performed.
- Generator is responsible for providing equipment for lifting/ loading; if unavailable please advise LSHR so additional equipment and or resources can be secured as well as additional pricing to be communicated and agreed upon prior to scheduling.
- Local, state and federal fees/taxes are not included but will be added to the final invoice, as applicable.
- The aforementioned scope is anticipated; final invoice will reflect actuals

SECTION 1. PURPOSE OF THE CONTRACT

The purpose of the OAG Statewide Automated Victim Notification Service (SAVNS) grant program is to assist Texas counties and other entities in maintaining a statewide system that will provide relevant offender release information, notification of relevant court settings or events to crime victims and other interested individuals, promote public safety, and support the rights of victims of crime. To ensure a standard statewide service to a variety of political subdivisions of the State of Texas, including counties, county Sheriffs, clerks and attorneys, district attorneys, and courts ("Participating Entities"), including GRANTEE, the OAG makes grant funds available for eligible expenses related to SAVNS services delivered to GRANTEE by the vendor certified by the OAG.

GRANTEE may make a written request to the OAG to be placed on Direct Deposit status by completing and submitting to the OAG the State Comptroller's Direct Deposit Authorization Form. After the direct deposit request is approved by the OAG and the setup is completed on the Texas Identification Number System by the State Comptroller's Office, payment will be remitted by direct deposit and the OAG will discontinue providing GRANTEE with copies of reimbursement vouchers.
- **4.3.10 Debts and Delinquencies.** GRANTEE agrees that any payments due under the Grant Contract shall be applied towards any debt or delinquency that is owed to the State of Texas.
- 4.4 Notification of Change in Jail Management System and/or Court Management System. GRANTEE shall submit written notice to the OAG of any change in the following: Jail Management System and/or Court Management System System Vendor, Jail Management System and/or Court Management System software or version of software, or any change in the hardware supporting these systems (router, hard drive, etc.) that may impact the transference of data to the SAVNS Vendor. Such notice for change in management vendors or software shall be provided at least sixty (60) days in advance of such change. Notice of change in hardware supporting the systems must occur as soon as possible after the issue occurred that caused the need for replacement but prior to replacement.

SECTION 5. OBLIGATIONS OF OAG

- **5.1 Monitoring.** The OAG is responsible for monitoring GRANTEE to ensure the effective and efficient use of grant funds to accomplish the purposes of this Grant Contract.
- 5.2 Maximum Liability of OAG. The maximum liability of the OAG is contained in the attached Exhibit A. Any change to the maximum liability is void unless supported by a written

amendment to this Grant Contract executed between OAG and GRANTEE.

5.3 Payment of Authorized Costs. The OAG shall be obligated to reimburse GRANTEE for all actual and allowable allocable costs incurred by GRANTEE pursuant to this Grant Contract. The OAG is not obligated to pay unauthorized costs. Prior written approval from the OAG is required if GRANTEE anticipates altering the scope of the grant, adding funds to previously unawarded budget categories, changing funds in any awarded budget category by more than 10% of the annual budget and/or adding new line items to any awarded budget category.

Notwithstanding the foregoing, should GRANTEE wish to alter the scope of the grant or change the goals of the grant by adding or eliminating goals which were included in the GRANTEE's final "Scope of Services" included in Section 3 above, such alteration or change may only be achieved by a written, duly executed amendment to this Grant Contract.

- 5.4 Contract Not Entitlement or Right. Reimbursement with contract funds is not an entitlement or right. Reimbursement depends, among other things, upon strict compliance with all terms, conditions and provisions of this Grant Contract. The OAG and GRANTEE agree that any act, action or representation by either party, their agents or employees that purports to increase the maximum liability of the OAG is void, unless a written amendment to this Grant Contract is first executed. GRANTEE agrees that nothing in this Grant Contract will be interpreted to create an obligation or liability of the OAG in excess of the funds delineated in this Grant Contract.
- 5.5 Funding Limitation. GRANTEE agrees that funding for this Grant Contract is subject to the actual receipt by the OAG of grant funds (state and/or federal) appropriated to the OAG. GRANTEE agrees that the grant funds, if any, received from the OAG are limited by the term of each state biennium and by specific appropriation authority to and the spending authority of the OAG for the purpose of this Grant Contract. GRANTEE agrees that notwithstanding any other provision of this Grant Contract, if the OAG is not appropriated the funds, or if the OAG does not receive the appropriated funds for this grant program, or if the funds appropriated to the OAG for this grant program are required to be reallocated to fund other state programs or purposes, the OAG is not liable to pay the GRANTEE any remaining balance on this Grant Contract.

SECTION 6. TERMINATION

- 6.1 Termination for Convenience. Either Party may, at its sole discretion, terminate this Grant Contract, without recourse, liability or penalty, upon providing written notice to the other Party thirty (30) calendar days before the effective date of such termination.
- 6.2 Termination for Cause. In the event that GRANTEE fails to perform or comply with an obligation of the terms, conditions, and provisions of this contract, or if the OAG receives financial reporting which indicates high financial risk, the OAG may, upon written notice of the breach to GRANTEE, immediately terminate all or any part of this contract.

6.3 Termination Not Exclusive Remedy; Survival of Terms and Conditions. Termination is not an exclusive remedy but will be in addition to any other rights and remedies provided in equity, by law, or under this Grant Contract.

Termination of this Grant Contract for any reason or expiration of this Grant Contract shall not release the Parties from any liability or obligation set forth in this Grant Contract that is expressly stated to survive any such termination or by its nature would be intended to be applicable following any such termination. The following terms and conditions, (in addition to any others that could reasonably be interpreted to survive but are not specifically identified), survive the termination or expiration of this Grant Contract: Sections 4, 5, 7, 11, and 12.

- 6.4 Refunds to OAG by GRANTEE. If the GRANTEE terminates for convenience under Section 6.1, or if the OAG terminates under Sections 6.1 or 6.2 before the purpose of this Grant Contract is accomplished, then the OAG may require the GRANTEE and/or the Certified Vendor to refund all or some of the grant funds paid under this Grant Contract. Such funds include those funds representing the number of months of SAVNS services that were previously invoiced and paid by the OAG under this Grant Contract.
- **6.5** Notices to Certified Vendor. Any termination of this Grant Contract will also be forwarded by the terminating party to the Certified Vendor.

SECTION 7. AUDIT RIGHTS; RECORDS RETENTION

- 7.1 Duty to Maintain Records. GRANTEE shall maintain adequate records that enable the OAG to verify all reporting measures and requests for reimbursements related to this Grant Contract. GRANTEE also shall maintain such records as are deemed necessary by the OAG, OAG's auditor, the State Auditor's Office or other auditors of the State of Texas, the federal government, or such other persons or entities designated by the OAG, to ensure proper accounting for all costs and performances related to this Grant Contract.
- 7.2 Records Retention. GRANTEE shall maintain and retain records for a period of seven (7) years after the Grant Contract is completed or expires, or all issues that arise from any litigation, claim, negotiation, audit, open records request, administrative review, or other action involving the Grant Contract or documents are resolved. The records include, but may not be limited to, the Grant Contract, any contract solicitation documents, any documents that are necessary to fully disclose the extent of services provided under the Grant Contract, any daily activity reports and time distribution and attendance records, and other records that may show the basis of the charges made or performances delivered. OAG may, at its discretion, direct GRANTEE to retain documents for a longer period of time or transfer certain grant records to OAG custody when it is determined the records possess longer term retention value. GRANTEE must include the substance of this clause in all subcontracts.

- 7.3 Audit Trails. GRANTEE shall maintain appropriate audit trails to provide accountability for all reporting measures and requests for reimbursement. Audit trails maintained by GRANTEE will, at a minimum, identify the supporting documentation prepared by GRANTEE to permit an audit of its systems. GRANTEE's automated systems, if any, must provide the means whereby authorized personnel have the ability to audit and verify contractually required performances and to establish individual accountability for any action that can potentially cause access to, generation of, or modification of confidential information.
- Access and Audit. At the request of the OAG, GRANTEE shall grant access to and make available all paper and electronic records, books, documents, accounting procedures, practices, and any other items relevant to the performance of this Grant Contract, compliance with applicable state or federal laws and regulations, and the operation and management of GRANTEE to the OAG or its designees for the purposes of inspecting, auditing, or copying such items. GRANTEE will direct any other entity, person, or contractor receiving funds directly under this Grant Contract or through a subcontract under this Grant Contract to likewise permit access to, inspection of, and reproduction of all books, records, and other relevant information of the entity, person, or contractor(s) that pertain to this Grant Contract. All records, books, documents, accounting procedures, practices, and any other items, in whatever form, relevant to the performance of this Grant Contract, shall be subject to examination or audit. Whenever practical as determined at the sole discretion of the OAG, the OAG shall provide GRANTEE with up to five (5) business days' notice of any such examination or audit.
- State Auditor. In addition to and without limitation on the other audit provisions of this 7.5 Grant Contract, pursuant to Section 2262.154 of the Texas Government Code, the State Auditor's Office may conduct an audit or investigation of GRANTEE or any other entity or person receiving funds from the State directly under this Grant Contract or indirectly through a subcontract under this Grant Contract. The acceptance of funds by GRANTEE or any other entity or person directly under this Grant Contract or indirectly through a subcontract under this Grant Contract acts as acceptance of the authority of the State Auditor's Office, under the direction of the Legislative Audit Committee, to conduct an audit or investigation in connection with those funds. Under the direction of the Legislative Audit Committee, GRANTEE or another entity that is the subject of an audit or investigation by the State Auditor's Office must provide the State Auditor's Office with access to any information the State Auditor's Office considers relevant to the investigation or audit. GRANTEE further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. GRANTEE shall ensure that this paragraph concerning the authority to audit funds received indirectly by subcontractors through GRANTEE and the requirement to cooperate is included in any subcontract it awards. The State Auditor's Office shall at any time have access to and the right to examine, audit, excerpt, and transcribe any pertinent books, documents, working papers, and records of GRANTEE related to this Grant Contract. GRANTEE also represents and warrants that it will comply with Section 321.022 of the Texas Government Code, which requires that suspected fraud and unlawful conduct be reported to the State Auditor's Office.

7.6 Location. Any audit of records shall be conducted at GRANTEE's principal place of business and/or the location(s) of GRANTEE's operations during GRANTEE's normal business hours. GRANTEE shall provide to OAG or its designees, on GRANTEE's premises (or if the audit is being performed of a subcontractor, the subcontractor's premises if necessary) private space, office furnishings (including lockable cabinets), telephone and facsimile services, utilities, and office-related equipment and duplicating services as OAG or its designees may reasonably require to perform the audits described in this Grant Contract.

Section 8. Submission of Information to the OAG

The OAG will designate the proper methods for the delivery of information to the OAG by GRANTEE. The OAG generally requires submission of information via email. Some reporting requirements must occur via the internet and/or a web-based data collection method. Accordingly, all reports required under this Grant Contract including but not limited to semi-annual statistical reports, annual performance reports, financial status reports, requests for reimbursement, Annual Compiled Financial Statement Report, and any other reports, notices or information must be submitted in the manner directed by the OAG. The manner of delivery may be subject to change during the term of the Grant Contract, in the sole discretion of the OAG.

SECTION 9. CORRECTIVE ACTION PLANS AND SANCTIONS

The Parties agree to make a good faith effort to identify, communicate, and resolve problems found by either the OAG or GRANTEE.

- 9.1 Corrective Action Plans. If the OAG finds deficiencies in GRANTEE's performance under this Grant Contract, the OAG, at its sole discretion, may impose one or more of the following remedies as part of a corrective action plan: increase of monitoring visits; require additional or more detailed financial and/or programmatic reports be submitted; require prior approval for expenditures; require additional technical or management assistance and/or make modifications in business practices; reduce the contract amount; and/or terminate this Grant Contract. The foregoing are not exclusive remedies, and the OAG may impose other requirements that the OAG determines will be in the best interest of the State.
- 9.2 Financial Hold. Failure to comply with submission deadlines for required reports, invoices, or other requested information, indicators of financial risk, or reports of conflict of interest or potential/actual fraud, waste, and abuse, may result in the OAG, at its sole discretion, placing GRANTEE on immediate financial hold without further notice to GRANTEE and without first requiring a corrective action plan. No reimbursements will be processed until the requested information is submitted. If GRANTEE is placed on financial hold, the OAG, at its sole discretion, may deny reimbursement requests associated with expenses incurred during the time GRANTEE was placed on financial hold.

- 9.3 Sanctions. In addition to financial hold, the OAG, at its sole discretion, may impose other sanctions without first requiring a corrective action plan. The OAG, at its sole discretion, may impose sanctions, including, but not limited to, withholding or suspending funding, offsetting previous reimbursements, requiring repayment, disallowing claims for reimbursement, reducing funding, terminating this Grant Contract and/or any other appropriate sanction.
- 9.4 No Waiver. Notwithstanding the imposition of corrective actions, financial hold, and/or sanctions, GRANTEE remains responsible for complying with the Grant Contract terms and conditions. Corrective action plans, financial hold, and/or sanctions do not excuse or operate as a waiver of prior failure to comply with this Grant Contract.

- 11.30 Discrimination Prohibited. To the extent applicable, in accordance with Section 2105.004 of the Texas Government Code, GRANTEE represents and warrants that it will not use block grant funds in a manner that discriminates on the basis of race, color, national origin, sex, or religion.
- 11.31 Force Majeure. Neither GRANTEE nor OAG shall be liable to the other for any delay in, or failure of performance, of any requirement included in the Grant Contract caused by force majeure. The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed provided the non-performing Party exercises all reasonable due diligence to perform. Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, epidemics or pandemics, or other causes that are beyond the reasonable control of either Party and that by exercise of due foresight such Party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such Party is unable to overcome.

SECTION 12. CONSTRUCTION OF CONTRACT AND AMENDMENTS

- 12.1 Construction of Contract. The provisions of Section 1 are intended to be a general introduction to this Grant Contract. To the extent the terms and conditions of this Grant Contract do not address a particular circumstance or are otherwise unclear or ambiguous, such terms and conditions are to be construed consistent with the general objectives, expectations and purposes of this Grant Contract.
- 12.2 Entire Agreement, including All Exhibits. This Grant Contract, including all exhibits, reflects the entire agreement between the Parties with respect to the subject matter therein described, and there are no other representations (verbal or written), directives, guidance, assistance, understandings or agreements between the Parties related to such subject matter. By executing this Grant Contract, GRANTEE agrees to strictly comply with the requirements and obligations of this Grant Contract, including all exhibits.
- 12.3 Amendment. This Grant Contract shall not be modified or amended except in writing, signed by both parties. Any properly executed amendment of this Grant Contract shall be binding upon the Parties and presumed to be supported by adequate consideration.

- 12.4 Partial Invalidity. If any term or provision of this Grant Contract is found to be illegal or unenforceable, such construction shall not affect the legality or validity of any of its other provisions. It is the intent and agreement of the Parties to this Grant Contract that the resulting Grant Contract shall be deemed amended by modifying such provision to the extent necessary to render it valid, legal and enforceable while preserving its intent or, if such modification is not possible, by substituting another provision that is valid, legal and enforceable and that achieves the same objective. All other provisions of the Grant Contract will continue in full force and effect.
- 12.5 Non-waiver. The failure of any Party to insist upon strict performance of any of the terms or conditions herein, irrespective of the length of time of such failure, shall not be a waiver of that Party's right to demand strict compliance in the future. No consent or waiver, express or implied, to or of any breach or default in the performance of any obligation under this Grant Contract shall constitute a consent or waiver to or of any breach or default in the performance of the same or any other obligation of this Grant Contract.
- 12.6 Official Capacity. The Parties stipulate and agree that the signatories hereto are signing, executing and performing this Grant Contract only in their official capacity.
- 12.7 Signature Authority. The undersigned Parties represent and warrant that the individuals submitting this document are authorized to sign such documents on behalf of the respective parties.
- 12.8 False Statements. GRANTEE agrees and acknowledges that if GRANTEE signs the Grant Contract with a false statement or it is subsequently determined that GRANTEE has violated any of the representations, warranties, guarantees, certifications, or affirmations included in the Grant Contract, or any documents submitted in connection with the Grant Contract, then GRANTEE will be in default under the Grant Contract and OAG may terminate or void the Grant Contract.

IN WITNESS HEREOF, THE PARTIES HAVE SIGNED AND EXECUTED THIS CONTRACT.

CONSUMER DISCLOSURE

From time to time, Office of the Attorney General (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Electronic signature

An electronic signature is an electronic identifier, created by a computer, attached to or logically associated with an electronic record, executed or adopted by a person with the intent and with the actual authority to sign the record. Your electronic signature has the same legal force and effect as a manual signature. Your electronic signature constitutes your signature, acceptance, and agreement as if you signed in writing.

Security standards

DocuSign provides security assurance with enterprise-wide ISO 27001:2013 certification, xDTM compliance, as well as SSAE 16, SOC 1 Type 2, SOC 2 Type 2 reports. DocuSign delivers data confidentiality with application level AES 256 bit encryption.

Sending information to and receiving information from us

The Public Information Act, chapter 552 of the Texas Government Code, applies to all information we send and receive. The Public Information Act protects information from public disclosure if it is confidential by any law or rule. If we receive a written request for information, the Public Information Act requires us to publicly disclose requested information that is not confidential by law or rule or otherwise excepted from public disclosure. If you receive any information from us in error, you are not authorized to read, print, retain, copy, or disseminate the information. Any information you receive in error may be confidential information that cannot be disclosed without violating the criminal provisions of the Public Information Act or Texas Penal Code section 39.06. If you receive information in error, please immediately send an e-mail to servicedesk@oag.texas.gov to notify us of the error and delete all copies of the information you received.

Getting paper copies

At any time, you may request from us a paper copy of any record we provided or made available electronically to you through the DocuSign system. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Office of the Attorney General

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: servicedesk@oag.texas.gov

To advise Office of the Attorney General of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at servicedesk@oag.texas.gov and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address.

In addition, you must notify DocuSign, Inc. to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in the DocuSign system.

To request paper copies from Office of the Attorney General

To request delivery from us of paper copies of the notices and disclosures we previously provided to you electronically, you must send us an e-mail to servicedesk@oag.texas.gov and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Office of the Attorney General

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your DocuSign session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an e-mail to servicedesk@oag.texas.gov and in the body of such request you must state your e-mail, full name, US Postal Address, and telephone number. We do not need any other information from you to withdraw consent. The consequences of your withdrawing consent for online documents will be that transactions may take longer time to process.

Subject: RE: Constable Pct. 1

Chase,

Attached please find the signed form you requested.

Looking back at my roster, I originally had 8 non paid spots when I took office.

I was later approved for 4 more non paid positions to help with the schools.

Then at our recent meeting, it was discussed that I could ask for 2 additional non paid positions to help with the added middle school. So that is a total of 14 non paid positions.

We are currently working on filling the non paid positions.

If you have any questions, please do not hesitate to contact me.

Thanks,

Clemente
