**ORDINANCE** 

PROHIBITING SOLID WASTE DISPOSAL AND PROCESSING IN CERTAIN AREAS OF CALDWELL COUNTY

#### ORDINANCE

# PROHIBITING SOLID WASTE DISPOSAL AND PROCESSING IN CERTAIN AREAS OF CALDWELL COUNTY

# CHAPTER 1 GENERALLY

Section 1.01. Purpose. The purpose of this Ordinance is to preserve and protect the public health, safety, and welfare of the residents of Caldwell County, Texas, through the designation of areas in which the processing or disposal of solid waste is not prohibited and those areas in which such activities are prohibited.

Section 1.02. Authority. The Commissioners Court is authorized to enact this Ordinance by Chapter 363 and 364 of the Texas Health and Safety Code.

Section 1.03. Scope. The Caldwell County Commissioners Court recognizes that it is not tasked with permitting solid waste facilities and the intent of this Ordinance is not to approve the siting of any specific solid waste facility within Caldwell County, Texas. Thus, the designation of areas where solid waste facilities are not prohibited should not be interpreted as a finding that siting a solid waste facility in an area is appropriate, recommended, or otherwise compatible with surrounding land uses pursuant to 30 Texas Administrative Code Section 330.61.

# CHAPTER 2 DEFINITIONS

Section 2.01. Disposal. "Disposal" means the discharge, deposit, injection, dumping, spilling, leaking, or placing of solid waste or hazardous waste, whether containerized or un-containerized, into or on any land or water so that the solid waste or hazardous waste or any constituent thereof may be emitted into the air, discharged into surface water or groundwater, or introduced into the environment in any other manner.

Section 2.02. Industrial Solid Waste. "Industrial Solid Waste" means waste resulting from or incidental to any process of industry or manufacturing, or mining or agricultural operations.

Section 2.03. Municipal Solid Waste. "Municipal solid waste" means solid waste resulting from or incidental to municipal, community, commercial, institutional, and recreational activities, including garbage, rubbish, ashes, street cleanings, dead animals, abandoned automobiles, and all other forms of solid waste other than industrial solid waste.

Section 2.04. Processing. "Processing" means activities including the extraction of materials, transfer, volume reduction, conversion to energy, or other separation and preparation of solid waste for reuse or disposal, including the treatment or neutralization of waste, designed to change the physical, chemical, or biological character or composition of any waste to neutralize such waste, or to

recover energy or material from the waste, or render the waste safer to transport, store, or dispose of, or make it amenable for recovery, amenable for storage, or reduced in volume.

Section 2.05. Solid Waste. "Solid waste" means garbage, rubbish, refuse, sludge from a wastewater treatment plant, water supply treatment plant, or air pollution control facility, and other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from industrial, municipal, commercial, mining, and agricultural operations and from community and institutional activities.

Section 2.06. Solid Waste Facility. "Solid waste facility" means all contiguous land, including structures, appurtenances, and other improvements on the land, used for processing, storing, or disposing of solid waste. The term includes a publicly or privately owned solid waste facility consisting of several processing, storage, or disposal operation units such as one or more landfills, surface impoundments, or a combination of units, in addition to any incinerator, landfill, transfer station, materials recovery facility, land application, beneficial use, or composting site.

# CHAPTER 3 AREA DESIGNATIONS FOR SOLID WASTE DISPOSAL AND PROCESSING

Section 3.01. Areas Not Prohibited. The processing or disposal of municipal or industrial solid waste or the operation of a solid waste facility is not prohibited in the area of Caldwell County identified as the TCEQ-permitted facility boundary at 130 Environmental Park, further depicted on Exhibits A and B attached hereto and incorporated herein: approximately 520 acres at 5200 N. ### ATTORNEY GENERAL OPINIONS

### Jurisdiction.

Despite the enactment of House Bill 1010 by the Eightieth Legislature, an appraisal district operating in overlapping territory by operation of Tex. Tax Code Ann. § 6.02(b) retains authority to hear and determine pending corrective motions and taxpayer protests concerning property in that territory that relate to the 2007, or prior, tax year. 2008 Tex. Op. Att'y Gen. GA-0631, 2008 Tex. AG LEXIS 45.

Savings Clause.

After the 2007 legislation that altered the legal framework for

appraising property for ad valorem taxation in taxing units located in more than one county, an appraisal district is still responsible for litigation filed against it prior to January 1, 2008, and involving property that is no longer in its appraisal district; the general savings clause continues in effect relevant portions of Tex. Tax Code Ann. § 6.02, such that a taxing district has continuing authority to defend itself in the pending litigation, and a taxing unit has a continuing obligation to pay the related costs. 2008 Tex. Op. Att y Gen. GA-0590, 2008 Tex. AG LEXIS 2.

### Sec. 6.025. Overlapping Appraisal Districts; Joint Procedures [Repealed].

Repealed by Acts 2007, 80th Leg., ch. 648 (H.B. 1010), § 5(3), effective January 1, 2008.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 186 (H.B. 623), § 1, effective January 1, 1996; am. Acts 1997, 75th Leg., ch. 1357 (H.B. 670), § 1, effective January 1, 1998; am. Acts 1999, 76th Leg., ch. 250 (H.B. 1037), § 1, 2, effective January 1, 2000; am. Acts 2003, 78th Leg., ch. 455 (H.B. 703), § 1, effective January 1, 2004; am. Acts 2003, 78th Leg., ch. 1041 (H.B. 1082), § 1, effective January 1, 2004.

### ATTORNEY GENERAL OPINIONS

Overlapping Districts.

With respect to property lying in overlapping appraisal districts, section 6.025(d) of the Tax Code requires the chief appraiser of each of the overlapping districts to enter in the

appraisal records the lowest values, appraised and market, listed by any of the overlapping districts, 2004 Tex. Op. Att'y Gen. GA-0283.

### Sec. 6.03. Board of Directors.

(a) The appraisal district is governed by a board of directors. Five directors are appointed by the taxing units that participate in the district as provided by this section. If the county assessor-collector is not appointed to the board, the county assessor-collector serves as a nonvoting director. The county assessor-collector is ineligible to serve if the board enters into a contract under Section 6.05(b) or if the commissioners court of the county enters into a contract under

Section 6.24(b). To be eligible to serve on the board of directors, an individual other than a county assessor-collector serving as a nonvoting director must be a resident of the district and must have resided in the district for at least two years immediately preceding the date the individual takes office. An individual who is otherwise eligible to serve on the board is not ineligible because of membership on the governing body of a taxing unit. An employee of a taxing unit that participates in the district is not eligible to serve on the board unless the individual is also a member of the governing body or an elected official of a taxing unit that participates in the district.

- (b) Members of the board of directors other than a county assessor-collector serving as a nonvoting director serve two-year terms beginning on January 1 of even-numbered years.
- (c) Members of the board of directors other than a county assessor-collector serving as a nonvoting director are appointed by vote of the governing bodies of the incorporated cities and towns, the school districts, the junior college districts, and, if entitled to vote, the conservation and reclamation districts that participate in the district and of the county. A governing body may cast all its votes for one candidate or distribute them among candidates for any number of directorships. Conservation and reclamation districts are not entitled to vote unless at least one conservation and reclamation district in the district delivers to the chief appraiser a written request to nominate and vote on the board of directors by June 1 of each odd-numbered year. On receipt of a request, the chief appraiser shall certify a list by June 15 of all eligible conservation and reclamation districts that are imposing taxes and that participate in the district.
- (d) The voting entitlement of a taxing unit that is entitled to vote for directors is determined by dividing the total dollar amount of property taxes imposed in the district by the taxing unit for the preceding tax year by the sum of the total dollar amount of property taxes imposed in the district for that year by each taxing unit that is entitled to vote, by multiplying the quotient by 1,000, and by rounding the product to the nearest whole number. That number is multiplied by the number of directorships to be filled. A taxing unit participating in two or more districts is entitled to vote in each district in which it participates, but only the taxes imposed in a district are used to calculate voting entitlement in that district.
- (e) The chief appraiser shall calculate the number of votes to which each taxing unit other than a conservation and reclamation district is entitled and shall deliver written notice to each of those units of its voting entitlement before October 1 of each odd-numbered year. The chief appraiser shall deliver the notice:
  - (1) to the county judge and each commissioner of the county served by the appraisal district;
  - (2) to the presiding officer of the governing body of each city or town participating in the appraisal district, to the city manager of each city or town having a city manager, and to the city secretary or clerk, if there is one, of each city or town that does not have a city manager;
  - (3) to the presiding officer of the governing body of each school district participating in the district and to the superintendent of those school districts; and
  - (4) to the presiding officer of the governing body of each junior college district participating in the district and to the president, chancellor, or other chief executive officer of those junior college districts.
- (f) The chief appraiser shall calculate the number of votes to which each conservation and reclamation district entitled to vote for district directors is entitled and shall deliver written notice to the presiding officer of each conservation and reclamation district of its voting entitlement and right to nominate a person to serve as a director of the district before July 1 of each odd-numbered year.
- (g) Each taxing unit other than a conservation and reclamation district that is entitled to vote may nominate by resolution adopted by its governing body one candidate for each position to be filled on the board of directors. The presiding officer of the governing body of the unit shall submit the names of the unit's nominees to the chief appraiser before October 15.
- (h) Each conservation and reclamation district entitled to vote may nominate by resolution adopted by its governing body one candidate for the district's board of directors. The presiding officer of the conservation and reclamation district's governing body shall submit the name of the district's nominee to the chief appraiser before July 15 of each odd-numbered year. Before August 1, the chief appraiser shall prepare a nominating ballot, listing all the nominees of conservation and reclamation districts alphabetically by surname, and shall deliver a copy of the nominating ballot to the presiding officer of the board of directors of each district. The board of directors of each district shall determine its vote by resolution and submit it to the chief appraiser before August 15. The nominee on the ballot with the most votes is the nominee of the conservation and reclamation districts in the appraisal district if the nominee received more than 10 percent of the votes entitled to be cast by all of the conservation and reclamation districts in the appraisal district, and shall be named on the ballot with the candidates nominated by the other taxing units. The chief appraiser shall resolve a tie vote by any method of chance.
- (i) If no nominee of the conservation and reclamation districts receives more than 10 percent of the votes entitled to be cast under Subsection (h), the chief appraiser, before September 1, shall notify the presiding officer of the board of directors of each conservation and reclamation district of the failure to select a nominee. Each conservation and reclamation district may submit a nominee by September 15 to the chief appraiser as provided by Subsection (h). The chief appraiser shall submit a second nominating ballot by October 1 to the conservation and reclamation districts as provided by Subsection (h). The conservation and reclamation districts shall submit their votes for nomination before October 15 as provided by Subsection (h). The nominee on the second nominating ballot with the most votes is the nominee of the conservation and reclamation districts in the appraisal district and shall be named on the ballot with the candidates nominated by the other taxing units. The chief appraiser shall resolve a tie vote by any method of chance.

- (j) Before October 30, the chief appraiser shall prepare a ballot, listing the candidates whose names were timely submitted under Subsections (g) and, if applicable, (h) or (i) alphabetically according to the first letter in each candidate's surname, and shall deliver a copy of the ballot to the presiding officer of the governing body of each taxing unit that is entitled to vote.
- (k) [Effective until January 1, 2022] The governing body of each taxing unit entitled to vote shall determine its vote by resolution and submit it to the chief appraiser before December 15. The chief appraiser shall count the votes, declare the five candidates who receive the largest cumulative vote totals elected, and submit the results before December 31 to the governing body of each taxing unit in the district and to the candidates. For purposes of determining the number of votes received by the candidates, the candidate receiving the most votes of the conservation and reclamation districts is considered to have received all of the votes cast by conservation and reclamation districts and the other candidates are considered not to have received any votes of the conservation and reclamation districts. The chief appraiser shall resolve a tie vote by any method of chance.
- (k) [Effective January 1, 2022] Except as provided by Subsection (k-1), the governing body of each taxing unit entitled to vote shall determine its vote by resolution and submit it to the chief appraiser before December 15. The chief appraiser shall count the votes, declare the five candidates who receive the largest cumulative vote totals elected, and submit the results before December 31 to the governing body of each taxing unit in the district and to the candidates. For purposes of determining the number of votes received by the candidates, the candidate receiving the most votes of the conservation and reclamation districts is considered to have received all of the votes cast by conservation and reclamation districts and the other candidates are considered not to have received any votes of the conservation and reclamation districts. The chief appraiser shall resolve a tie vote by any method of chance.
- (k-1) [Effective January 1, 2022] This subsection applies only to an appraisal district established in a county with a population of 120,000 or more. The governing body of each taxing unit entitled to cast at least five percent of the total votes must determine its vote by resolution adopted at the first or second open meeting of the governing body that is held after the date the chief appraiser delivers the ballot to the presiding officer of the governing body. The governing body must submit its vote to the chief appraiser not later than the third day following the date the resolution is adopted.
- (1) If a vacancy occurs on the board of directors other than a vacancy in the position held by a county assessor-collector serving as a nonvoting director, each taxing unit that is entitled to vote by this section may nominate by resolution adopted by its governing body a candidate to fill the vacancy. The unit shall submit the name of its nominee to the chief appraiser within 45 days after notification from the board of directors of the existence of the vacancy, and the chief appraiser shall prepare and deliver to the board of directors within the next five days a list of the nominees. The board of directors shall elect by majority vote of its members one of the nominees to fill the vacancy.

PROHIBITING SOLID WASTE DISPOSAL AND PROCESSING IN CERTAIN AREAS OF CALDWELL COUNTY

### **ORDINANCE**

# PROHIBITING SOLID WASTE DISPOSAL AND PROCESSING IN CERTAIN AREAS OF CALDWELL COUNTY

# CHAPTER 1 GENERALLY

Section 1.01. Purpose. The purpose of this Ordinance is to preserve and protect the public health, safety, and welfare of the residents of Caldwell County, Texas, through the designation of areas in which the processing or disposal of solid waste is not prohibited and those areas in which such activities are prohibited.

Section 1.02. Authority. The Commissioners Court is authorized to enact this Ordinance by Chapter 363 and 364 of the Texas Health and Safety Code.

Section 1.03. Scope. The Caldwell County Commissioners Court recognizes that it is not tasked with permitting solid waste facilities and the intent of this Ordinance is not to approve the siting of any specific solid waste facility within Caldwell County, Texas. Thus, the designation of areas where solid waste facilities are not prohibited should not be interpreted as a finding that siting a solid waste facility in an area is appropriate, recommended, or otherwise compatible with surrounding land uses pursuant to 30 Texas Administrative Code Section 330.61.

# CHAPTER 2 DEFINITIONS

Section 2.01. Disposal. "Disposal" means the discharge, deposit, injection, dumping, spilling, leaking, or placing of solid waste or hazardous waste, whether containerized or un-containerized, into or on any land or water so that the solid waste or hazardous waste or any constituent thereof may be emitted into the air, discharged into surface water or groundwater, or introduced into the environment in any other manner.

Section 2.02. Industrial Solid Waste. "Industrial Solid Waste" means waste resulting from or incidental to any process of industry or manufacturing, or mining or agricultural operations.

Section 2.03. Municipal Solid Waste. "Processing" means activities including the extraction of materials, transfer, volume reduction, conversion to energy, or other separation and preparation of solid waste for reuse or disposal, including the treatment or neutralization of waste, designed to change the physical, chemical, or biological character or composition of any waste to neutralize such waste, or to

recover energy or material from the waste, or render the waste safer to transport, store, or dispose of, or make it amenable for recovery, amenable for storage, or reduced in volume.

Section 2.05. Solid Waste. "Solid waste" means garbage, rubbish, refuse, sludge from a wastewater treatment plant, water supply treatment plant, or air pollution control facility, and other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from industrial, municipal, commercial, mining, and agricultural operations and from community and institutional activities.

Section 2.06. Solid Waste Facility. "Solid waste facility" means all contiguous land, including structures, appurtenances, and other improvements on the land, used for processing, storing, or disposing of solid waste. The term includes a publicly or privately owned solid waste facility consisting of several processing, storage, or disposal operation units such as one or more landfills, surface impoundments, or a combination of units, in addition to any incinerator, landfill, transfer station, materials recovery facility, land application, beneficial use, or composting site.

# CHAPTER 3 AREA DESIGNATIONS FOR SOLID WASTE DISPOSAL AND PROCESSING

  - At least 1/3 disbursed within 1 year
  - At least 2/3 disbursed within 2 years
  - · Fully disbursed within 3 years

Disbursements could occur later than the disbursement schedule only if the borrower can demonstrate that the delay is needed because of weather delays, disruptions in the financial markets, or other *force majeure* events impacting construction and the need for the financial assistance.

Version dated: March 2022

- B. <u>Subordinate Lien on Security</u>. If the proposed collateral securing the financial assistance is a subordinate lien on revenues, then the amount of the SIB loan should not be greater than the amount of any senior lien bonds for the project with the same source of security.
- C. <u>Borrower's Certificate</u>. As a requirement for closing a financial assistance transaction and for disbursement of SIB funds, the applicant should provide a certificate warranting that the proposed cash flow or revenues are eligible to be used to repay the loan and that the financial assistance will not violate any of the borrowing or bond commitments the borrower may have in place.

### V. Guidelines for Refinancing.

A borrower may request to refinance their SIB loan with the following conditions:

- A. Borrower may refinance the SIB loan only one (1) time during the loan term.
- B. The loan term will not be extended.
- C. Borrower will pay a fee equal to .50% of the current outstanding loan balance
- D. Borrower may finance the fee required under Section V(C).
- E. Borrower should be in good standing with the State Infrastructure Bank.

To make a request to refinance their SIB loan, the Borrower must submit a letter on official letterhead to the Department making the request.

### VI. Waiver of Executive Director Guidelines

F. The guidelines contained herein are subject to change and may be waived on a case by case basis at the discretion of the Executive Director.

Project No. 1911-313-01

Dear Ms. Miles,

Doucet has completed our review of the short form plat application for Upper Pool Hollow Ranches Subdivision, a 2-lot subdivision of a +/-19.99-acres located at FM 1854 and FM 672 in Lockhart, Texas. The subdivision will be served by OSSF and water provided by Induvial Wells.

The plat appears to be in general conformance with the rules and regulations of Caldwell County. Therefore, we recommend placing the plat on the Commissioners Court agenda for consideration.

It is our pleasure to be of assistance to the County on this project.

Re:

Request for Water Feasibility Study

Casa Subdivision

#### Dear Ms. Hernandez:

Per your email on September 22, 2022, we have conducted an engineering review and feasibility study of the applicable sector of the Aqua WSC system to determine if sufficient facilities and capacity exist to appropriately serve the referenced proposed development without adversely impacting Aqua's system or if additional infrastructure improvements are required. The review/study is based on a simulated hydraulic analysis with parameters in compliance with TCEQ rules and regulations and AWWA standards. It also addresses city limits, ETJs, CCN, endangered species habitat, 100-year flood plain, etc., as per Aqua WSC's policies.

The property consists of 17.285 acres located at 10208 FM 1854 in Dale, Texas in northern Caldwell County. Caldwell County Central Appraisal District refers to the property as Parcel ID 11557 owned by Aggarwal Romit & Gupta Monika. The property does not appear to be within a defined extraterritorial jurisdiction (ETJ) or City Limits. The property is completely within the Aqua WSC certificated service area as per CCN No. 10294 on file with Public Utility Commission of Texas.

FEMA Flood Insurance Rate Map #48055C0025E, dated June 19, 2012, depicts no portion of the property to be in a special flood hazard area. Therefore, Aqua would not be in violation of federal funding restrictions regarding 100-year flood plain.

The property does not fall within the limits of a defined habitat of an endangered species known to exist in Caldwell County or Aqua's service area, specifically that of the Houston Toad, according to U.S. Fish and Wildlife Service publications and Lost Pines Habitat Conservation Plan. Therefore, Aqua will not be in violation of federal funding guidelines regarding an endangered species.

The feasibility request indicates that the property will be developed into 14 residential lots. Demand is calculated as 13 Living Unit Equivalents (LUEs), assuming 1 LUE per additional meter. No request has been made for fire flow.

Request for Water Feasibility Study

Aqua has an existing 12" water line on the northeast side of FM 1854. To provide service to the proposed development, a 6" stub-out will be constructed at the subdivision's entrance. The costs associated with the construction of the new 6" stub-out, as well as Aqua required fees, are included in the enclosed Preliminary Cost Summary.

Based on USGS datum, the property's natural ground elevations vary from approximately 598 to 615 feet above MSL. Based on Aqua's applicable pressure plane for this area (738' "Lytton Springs" Pressure Plane), pressure for this area will comply with TCEQ requirements. The existing 12" water line and the new 6" stub-out will have sufficient capacity to serve the additional connections and dynamic residual pressures at peak demand will comply with TCEQ rules and regulations. Existing Aqua customers in the area will not have a decrease in pressures that would cause non-compliance with TCEQ standards.

We recommend a 90-day limit apply for this review from the date of this letter. It should be noted that Aqua's providing service to this subdivision shall be contingent upon the developer's compliance with all relevant Federal, State and County rules and regulations as per Aqua's tariff.

This Feasibility Study and subsequent Preliminary Cost Summary assume no additional county R.O.W. dedication. If R.O.W. dedication is required that affects Aqua's existing water lines, the Preliminary Cost Estimate will be revised based on the relocation of those lines out of the dedicated R.O.W.

Due to the uncertainties of easement acquisition, design requirements, construction contractors' availability, construction materials and equipment availability, inclement weather, etc., Aqua Water Supply Corporation is unable to predict or guarantee the timing of the provision of water services to developments. If the developer chooses to sell lots in a subdivision prior to the provision of water services, the developer does so at their own risk and is solely liable for such action.

Feel free to contact our office if there are any questions and please advise if we may be of further assistance.

Respectfully,

Curtis R. Steger, P.E.

This Chapter 381 Economic Development Program Agreement ("Agreement") is made and entered into by and between CALDWELL COUNTY, TEXAS ("County"), a political subdivision of the State of Texas, and F3 LOCKHART OWNER LLC ("Company") and F3 ColdCo Lockhart LLC ("Lessee"), collectively ("parties").

#### RECITALS

Pursuant to Chapter 381, Texas Local Government Code, County is authorized to establish a program, including the making of loans and grants of public money, to promote state or local economic development and to stimulate business and commercial activity within the County.

Company desires to purchase land, construct at least 300,000 square foot facility in the County, bring jobs to the County, and participate in the Economic Development Program established in this Agreement.

Company and Lessee intend to make a total investment of at least sixty-five million dollars (\$65,000,000.00) in equipment, personal property, inventory, real property, and improvements to real property over the period of this Agreement.

County has determined that a substantial economic benefit and the creation of new opportunities of employment will accrue to the County and the surrounding area if a facility is successfully developed on the Property.

**NOW THEREFORE**, in consideration of the foregoing and the covenants, agreements, representations, and warranties hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, County and Company and Lessee agree as follows:

#### **AGREEMENTS**

#### Section 1. Recitals

The recitals set forth above are incorporated herein for all purposes.

#### Section 2. Chapter 381 Program and Consideration

The County finds and the parties hereto agree that the program established by this Agreement will promote state and local economic development and will stimulate business and commercial activity in Caldwell County. County and Company and Lessee enter into this Agreement in consideration of such economic development and stimulation of business and commercial activity as well as the mutual covenants contained herein.

#### Section 3. Agreement Term

This Agreement shall have a term of ten (10) years ("Agreement Term"), commencing on January 1 of the calendar year following Company's completion of construction and securing of a Certificate of Occupancy from the City of Lockhart and terminating at midnight on the tenth anniversary of that date unless sooner terminated as provided herein. For example, if construction is completed and a Certificate of Occupancy obtained in 2024, Year One of this agreement will commence on January 1, 2025.

#### Section 4. Property Tax Rebate Term

The Property Tax Rebate Term ("**Rebate Term**") shall be a term of five (5) years. The Rebate Term shall commence after the commencement of the Agreement Term and may commence and apply for any five consecutive years ending on or before the end of the Agreement Term. The Rebate Term shall commence on January 1 of the year following Company's request to start the Rebate Term. For County budgeting purposes, Company must request term commencement by May 31 of the year prior to the start. Example: Company requests term start on May 15, 2025. Year 1 will be 2026 with the first rebate to company in 2027 per the terms in this Agreement. Notwithstanding the commencement of the Rebate Term, the Rebate Term shall not exceed the Agreement Term. At the end of the Agreement Term the County shall have no obligation under Section 6 (b) below.

#### Section 5. <u>COMPANY and LESEE Requirements</u>

- (d) Complete construction of the Facility and obtain a Certificate of Occupancy from the City within twenty four (24) months after the issuance of the aforesaid building permit.
- (e) Employ a minimum of one hundred (100) Full Time Equivalent ("FTE") employees within the first five (5) years from the commencement of the Agreement Term.
- (f) Company and/or Lessee shall provide the County with proof of employment of employees by submitting copies of payroll records and federal employment tax forms (which may redact portions of social security numbers or addresses to protect employee privacy) or other documentation satisfactory to the County, which shall be provided within thirty (30) days of the end of each year of the Agreement Term.

Retain at least that number of FTE employees until the end of the Agreement Term.

The term "Full Time Equivalent," as used in this Agreement, shall mean the sum of annual hours of employees who work at least 30 hours in any week, including accrued or used hours associated with holidays, vacation, sick and personal time, and overtime, divided by 1,560.
